

SACEM HEALTH CARE WORLDWIDE COVERAGE

Powered by

e-safecare

Sacem has committed over the last 4 years via Coam & Wellaway, to develop a health insurance solution accessible to all and adapted to each.

Today's regulatory changes may significantly change your coverage conditions for 2023.

In order to properly assess your personal situation, we have reached out to our specialist, Jean-Paul BARRE whom most you know already.

Jean Paul and his team at e-safecare will assist you in your health coverage diagnosis and help you find the best solution including within the subsidized marketplace.

Sincerely yours,
The Social and Professional Affairs Department
